

EAA #797
Monthly Meeting

April 26, 2014

The meeting was called to order by President Allen Rice at 10:50 AM, after a late start due to weather. Present at the meeting were 14 members, 1 guest and Bobbi Rice.

The minutes from both the February and March meetings were approved as read. There was no Treasurer's report.

Old Business

1. Membership is still open. A few previous members have not renewed yet.
2. The Seminar in April by CarolAnn Garrett "Around the World Three Times in a Mooney" was very interesting. She was a dynamic speaker.
3. Fly out to Williston's Pyper Kub Café was attended by five people, three planes.

New Business

1. There is still an ultralight at Leroy Boe's house. Allen would like the membership to think about the club working on it, and then selling it. Also, think about the possibility of setting up a Flying Club Corporation. An EAA chapter cannot own an aircraft, but a Flying Club Corp. can.
2. New member Larry Boiven would like to buy the minimax that is sitting in our hangar. The membership present voted to do this.
3. Dan Barnes had a presentation to make to the clubhouse. In remembrance of Leroy Boe's many years of service to our club and to the nine years he headed up the Flightline Tours, Dan made a plaque using a hat Leroy wore down in Lakeland and with the words "What Would Leroy Do?" It is hanging above the photos of our past presidents.
