

EAA #797
Planning Committee

January 25, 2014

The meeting was called to order by President Allen Rice, at 10:10 AM. Present were Board Members Allen, Morris, Jean, Dennis, Bob and members-at-large Ray Anderson, Gerry Chancey, Linden Heston, Gary Hoffman, Dale and Pam Perry and Bobbi Rice.

Allen distributed a paper with the tabulated results of the survey taken at the Jan. 21 general meeting. These results will be taken into consideration in planning future programs and seminars.

Allen then distributed a 2014 Chapter calendar. Already on the calendar were our meetings, which are now the last Saturday of the month at 10 AM with a Pot Luck Brunch. Preceding these meetings will be coffee and doughnuts at 8:00. There will be no meeting in July and the Nov. and Dec. meetings will be 11/22 and 12/20. Also, the second Saturday of the month is set aside for Seminars.

The possibility of obtaining WIFI for the clubhouse was discussed. The survey results were not in favor of this, but the cost will be investigated.

Other suggestions that were discussed were:

1. Have a Project Day, may be included on 2nd Saturday with Seminars. Fly or drive to someone's hangar to see, assist, and discuss someone's project.
2. Team up with other chapters (Cannon Creek?) for Fly Outs.
3. Fly out to member's airparks, private airstrips.
4. Have a Poker Run, utilizing airparks of members.
5. Hold Eagle Flights – young and/or old Eagles.
6. Have a Chili Cook-off.
7. Have an LSA Aviation Day.
8. Have a Big Bend Aviation Day, maybe on May 17th.

The meeting was adjourned at about 11:00 AM.

Our next two events are February 1st, a Fly Out to Keystone and **February 8**, a seminar.
